

SEN INFORMATION REPORT

(Special Educational Needs and Disability (SEND) Information Report)

*The caring path to achievement,
reflecting the values of Christ.*

The Children and Families Bill requires Local authorities to publish and keep under review information from services that expect to be available for children and young people with SEND aged 0-25, this will be known as “The Local Offer”. The Purpose of the local offer is to enable parents and young people to see more clearly what services are available in their area and how to access them. The offer will include provision from birth to 25, across education, health and social care and should be developed in conjunction with children and young people, parents and carers, and local services including schools, colleges, health and social care agencies.

The Council for disabled children have produced “A briefing note on the Local Offer”

What is the Special Educational Needs Information Report?

Our Special Educational Needs Information Report is for parents/carers of children who have Special Educational Need or a disability (SEN/SEND), and for all of those who support children with additional needs. The information contained outlines the support and provision they can expect to receive whilst attending this school.

Support for your child at The District C.E. Primary School

At The District C.E. Primary School our primary aim is to help every child achieve the very best they can. Sometimes a child may need additional support for some or all of their time at school.

The District' response to frequently asked questions:

How are Special Educational Needs defined?

The Education Act 1996 states that:

Children have special educational needs if they have a learning difficulty which calls for special educational provision to be made for them.

Children have a learning difficulty if they:

- a) have a significantly greater difficulty in learning than the majority of children of the same age; or
- b) have a disability which prevents or hinders them from making use of educational facilities of a kind generally provided for children of the same age in schools within the area of the local education authority
- c) are under compulsory school age and fall within the definition at a) or b) above or would do so if special educational provision was not made for them.

Children must not be regarded as having a learning difficulty solely because the language or form of language of their home is different from the language in which they will be taught.

Special education provision means:

- a) for children of two or over, educational provision which is additional to, or otherwise different from, the educational provision made generally for children of their age in school maintained by the LA, other than special schools, in the area
- b) for children under two, educational provision of any kind.

How will the school know if my child needs extra help?

We believe that all children are entitled to an education that enables them to:

- Achieve their best
- Become confident individuals living fulfilling lives; and
- Make a successful transition to adulthood.

At The District C.E. Primary School, great care is taken to identify and support children who have a significantly greater difficulty in learning than the majority of others of the same age, or who have a disability which prevents them from making use of educational facilities.

Each pupil's current skills and levels of attainment are judged on entry. Regular assessments of progress are made and where pupils are falling behind or making limited progress, despite high quality teaching targeted at their areas of weakness, the teacher and SENCo work together, with parents/carers, to assess whether the child has a significant learning difficulty. Where this is the case, agreement is reached about the SEN support that is required.

Identification includes the use of high quality assessment and where necessary, may include more specialised assessments from external agencies and professionals.

Parent/carers know their children best, and we listen and understand when they express concerns about their child's development. We also listen to and address any concerns raised by children themselves.

Who are the best people to talk to in school about my child's difficulties with learning?

At The District C.E. we have a highly experienced team of staff who may be involved in supporting your child.

Class Teacher

Your child's teacher would be the first person with whom to discuss any concerns with.

They are responsible for:

- The progress of your child and identifying, planning and delivering any additional help your child may need and informing the SENCo as necessary
- Writing children's Provision Maps/ Learning Support Plans and keeping them up to date
- Ensuring that all staff working with your child in school is helped to deliver the planned work/programme for your child, so they can achieve the best possible progress. This may involve the use of additional adults, outside specialist help and specially planned work and resources.
- Ensuring that the school's SEN policy is followed in their classroom and for all the pupils they teach with any SEND

Special Educational Needs Co-ordinator (SENCo)

Mrs Julie Clewes is the school's named SEN Co-ordinator and can be contacted via the school office on 01744 678250.

She is responsible for:

- Coordinating all the support for children with special educational needs or disabilities (SEND) and developing the school's SEN Policy to make sure all children get a consistent, high quality response to meeting their needs in school
- Ensuring that you are:
 - Involved in supporting your child's learning
 - Kept informed about the support your child is getting
 - Involved in reviewing how they are doing
- Liaising with all the other people who may be coming into school to help support your child's learning e.g. Speech and Language Therapist, Educational Psychologist, etc.
- Updating the school's SEN register (a system for ensuring all the SEN needs of pupils in this school are known) and making sure that there are detailed records of your child's progress and needs
- Providing specialist support for teachers and support staff in the school so they can help children with SEN in the school achieve the best progress possible
- Monitoring the impact of policies and the effectiveness of provision in the school
- Working with the Local Authority and External Consultants to implement and monitor our provision

Head Teacher

Mrs Bate is The District C.E. Primary School's Head Teacher and can be contacted via the school office on 01744 678250

She is responsible for

- The day to day management of all aspects of the school, this includes the support for children with SEND
- The Head Teacher will give responsibility to the SENCo and class teachers but is still responsible for ensuring your child's needs are met
- The Head Teacher must make sure that the Governing Body is kept up to date about any issues in the school relating to SEND

SEND Governor

At The District C.E. Primary School the governor with special responsibility for Special Educational Needs is Mrs Barbara Skeech and she can be contacted via the school.

Responsible for:

- Making sure that the necessary support is made for any child who attends the school who has SEND
- Monitoring the effectiveness of SEND provision in the school

How will I know how the school will support my child?

Support is planned and reviewed by the SENCo and class teacher, in collaboration with parents/carers and the pupil themselves. Additional support may take the form of additional support from within school, for example Learning Support Assistants or the Pastoral Team. It may require the involvement of specialist staff or support services. School may involve specialists at any point to advise them on SEN and effective support. Parents/carers are always involved in this decision.

How will the curriculum be matched to my child's needs?

In order to meet the learning needs of all pupils, teachers differentiate work. They work to meet individual learning needs and to mark work and plan homework effectively.

Where pupils are identified as having special educational needs, the school provides for these additional needs in a variety of ways. The provision for pupils is related specifically to their needs. A provision map records a graduated response to individual needs and tracks interventions in place to support these children.

The range of provision includes:

- in class support for small groups with an additional teacher or Learning Support Assistant (LSA)
- small group withdrawal with LSA or an additional teacher
- individual class support / individual withdrawal
- further differentiation of resources
- a variety of interventions tailored to meet year group needs
- deployment of extra staff to work with SEN pupils
- provision of alternative learning materials/ special equipment
- group support
- staff development/training to undertake more effective strategies

- access to Specialist Teaching and Educational Psychology Service – opportunities for one to one drop in sessions to seek advice on concerns
- access and point of contact for a variety of other support services for advice on strategies, equipment, or staff training

How will I know how my child is doing and how will you help me to support my child's learning?

We have an open door policy, which means that you are welcome at any time to make an appointment to meet with either your child's class teacher or the SENCo to discuss your child's provision and progress and get advice on how you can support your child at home.

Parents and carers will always be informed if we begin to make SEN provision. The involvement of children, parents/carers is very important to us.

We provide an annual report for parents/carers on your child's progress. You are invited to meet your child's teacher at Parent Consultations. If your child is receiving support for SEN, additional meetings are offered to discuss support and review progress. Where your child has an Individual Learning Support Plan this will be reviewed termly. You will be given an up-to-date copy and be offered a chance to talk to the SENCO about your child's provision and progress.

Your child may have an Education, Health and Care Plan (EHCP), which will be formally reviewed at least annually in addition to the arrangements above.

What support will be available for my child's overall well-being?

We try to support the emotional and social development of all of our pupils, including those with SEN. Our staff are caring and have the wellbeing of all children as their top priority.

Class teachers have responsibility for the pastoral care of every child in their class and deliver a programme of social and emotional education through PSHCE and circle time.

All children are encouraged to share any worries by talking to an adult.

In addition to your child's class teacher, our Pastoral team (Mrs Swift, Mrs Barker and Mrs Knox) are responsible for the emotional well-being of our children. Behaviour problems can be discussed with the team as can any attendance issues and associated problems.

Should the behaviour of a child become a greater cause for concern then a meeting with parents will be arranged and possibly an Individual Behaviour Plan (IBP) created.

Where appropriate, we work with parents to get support from external agencies, including Child and Adolescent Mental Health Services, the Educational Psychology Service and the Behaviour Improvement Team

We take any suggestion of bullying very seriously and act in strict accordance with the school's anti-bullying policy

What happens if my child has a high level of need?

If a mainstream primary school is the best place to meet a child's needs then The District C.E. would seek funded support from the Local Authority. Resources of a practical nature or through the employment of a learning support assistant may be arranged should there be sufficient funding. Parents should carefully consider whether the school is able to meet the needs of a child with severe disabilities or high needs or whether a more specialist provision would be more suitable.

What specialist services and expertise are available at this school?

There is no specialist provision based at The District C.E. Primary School. We seek support and advice from other agencies and services as required.

Are the staff who support children with SEND in this school, provided with appropriate training?

The SENCO's job is to support the class teacher in planning for children with SEND.

The school has a School Improvement Plan, which identifies training needs for all staff to improve the teaching and learning of children including those with SEND. This may include whole school training on SEND issues or to support identified groups of learners in school, such as those children with Attention deficit hyperactivity disorder (ADHD), Autism and dyslexia.

We have whole staff training to disseminate knowledge, strategies and experience, to ensure consistency of the school's approach for children with an SEND.

Individual teachers and support staff attend training courses run by outside agencies that are relevant to the needs of specific children in their care.

How will my child be included in activities outside of the classroom, including school trips?

- We make sure activities outside the classroom and school trips are available to all.
- Risk assessments are carried out for each trip and suitable numbers of adults are made available to accompany the pupils, with 1:1 support if necessary.
- Parents and carers are invited to accompany their child on a school trip if this ensures access.
- After school clubs are available to all pupils. Vulnerable pupils are given priority and adjustments will be made to support their participation.
- Health and safety audits will be conducted as and when appropriate.

How accessible is the school environment?

We endeavour to enable children with SEN and disabilities to have access to our facilities, taking known disabilities of pupils and parents into account, wherever possible when planning activities:

- The school is wheelchair accessible. There are facilities for disabled changing and toilets which can accommodate wheelchairs and support individuals with a disability.
- Edges of steps are demarcated to assist the visually impaired
- Teachers in school adapt the classroom layouts to cater for children with special needs and/or disabilities.
- The school has carpets within learning areas and lower ceilings which promote a better auditory and visual environment in which to learn.
- Alternative coloured paper is available for pupils and staff with dyslexia.
- For children who benefit from the use of electronic equipment to aid their learning, such equipment as lap-tops, iPads and iPods are readily available.
- We have equipment and a room where children can experience different types of sensory stimulation; lights, sounds, touch.
- Writing slopes, writing grips, alternative scissors (e.g. loop scissors) are readily available for children to use.
- We liaise with the EAL Service who assist us in supporting families with English as an additional language.
- View Accessibility Plan (link is not live – currently being updated)

How will the school help my child to manage the transition into the school, into a new class or on to a different school?

We recognise that transitions can be difficult for a child with SEND and take steps to ensure that any transition is as smooth as possible.

- If your child is moving to another school:
 - We will contact the school SENCo and ensure that they know about any special arrangements or support that need to be made for your child.
 - We will make sure that all records about your child are passed on as soon as possible.
- When moving classes in school:
 - Information will be passed on to the new class teacher IN ADVANCE and in most cases, a planning meeting will take place with the new teacher.
 - All Provision Maps and Learning Support Plans will be shared with the new teacher.
 - Depending on the needs of the child a visit to their new classroom can be provided to help them in their understanding of moving to a new class.
 - Books can be made containing photographs of the child's new teachers, classroom, etc for your child to take home with them over the summer holidays so that they can become familiar with everything whilst they are not in school.
- When moving into The District C.E. Primary School during the academic year:
 - We will meet with you and your child to discuss their needs and decide how to best transition into our school.
 - We will liaise with previous school SENCo to discuss the provision and obtain records from external agencies.
 - Organise a TAC (Team Around the Child) meeting six weeks after starting to discuss the transition and ongoing support.
- In Year 6:
 - We fully support parents and carers in making decisions about the secondary school they choose for their children and work with them to ensure the smooth transition from KS2 to KS3 .
 - The SENCo will discuss the specific needs of your child with the SENCo of their secondary school.
 - Your child will have opportunities to learn about aspects of transition to support their understanding of the changes ahead.
 - Secondary School support workers are invited into school.
 - Where possible your child will visit their new school on several occasions and in some cases staff from the new school will visit your child in this school.

What if my child needs transport to and from school?

Parents would need to request support from the Local Authority. The school is unable to make transport arrangements for children.

How are the school's resources allocated and matched to the children's special educational needs?

The budget, including the allocation for special educational needs is considered annually and formally approved by the Governing body. The majority of the SEN budget is spent on the valuable staff resource of learning support assistants to support children in accessing the curriculum.

How is the decision made about how much support my child will receive?

If your child has an Education, Health and Care Plan it will specify how much support time your child will need. If not then the time and type of support given to your child will be reviewed at least termly, by the class teacher, SENCO and Local Authority Inclusion Officer and you will have the opportunity to discuss this at the termly meetings. If your child has an Education Health and care Plan we will also arrange Annual Review meetings with you, to ensure that the plan is still appropriate for your child and make any changes.

How will I be involved in discussions about and planning for my child's education?

The involvement of parents and carers in their children's education is very important to us. We encourage parents/carers to contribute their views through:

- Discussions with the class teacher
- Discussions during parents evenings/consultations
- Discussions during provision review meetings
- During discussions with the SENCo and Learning Mentor and other professionals
- During discussions with the Senior Leadership Team
- Parents are encouraged to comment on their child's Learning Support Plan with possible suggestions that could be incorporated

How will my child be able to contribute their views?

The involvement of children in their own education is very important to us. We believe that children have a right to be involved in making decisions and exercising choices, to receive and impart information, to express an opinion and to have that opinion taken into account in matters relating to them.

Your child's views will be sought when identifying need and planning and reviewing provision. Your child can express their views at any time, by speaking to a LSA, the class teacher or the SENCo.

Where can I get information on what provision is made through the local authority?

More information on what is available to children with SEN and their parents in St Helens can be found on the St Helens Council website

Where can I see the St Helens Local Offer?

<http://www.sthelens.gov.uk/what-we-do/schools-and-education/sen-the-local-offer/>

Where can I get support?

Additional Needs Team

Telephone: 01744 671104 / 01744 671106

Lindsey Best

St Helens Autism Spectrum Pathway

Newton Children's Centre

Telephone: 01744 674179

St Helens Information Advice and Support Service (IAS)

Telephone: 01744 822160

What is the procedure for a complaint of my child's additional needs provision?

Any parent who has any concerns about any aspect of their child's additional needs provision, should first approach the class teacher who will be happy to discuss the work that is taking place. If clarification is needed the SENCo will discuss the matter further. Mrs Bate, the Head Teacher or Chair of Governors, may also be approached if the situation remains unresolved.
